Departure of Steamers.

FOR PORT WASHINGTON, &C.

The Steamer Cleveland leaves Johnson & Olmsted's Dock every Monday, Wednesday and Friday evening at 8 o'clock, for Port Washington, Sheboygan, Monitowoc and Two Rivers.

FOR CHICAGO, &C.

The steamer Cleveland will leave Johnson & Olmsted's Dock every Tuesday, Thursday and Saturday evening, at 9 o'clock, for Chicago and Intermediate ports.

FOR COLLINGWOOD AND THE EAST.

The Collingwood Line of screw steamers leave—one every day, from Dousman's dock, foot of East Water st., connecting at Collingwood with cars from the East.

FOR BUFFALO.

Screw steamers, with good accommodations for passengers, leave the different transportation docks every day for Buffalo.

The Grain Trade.

Prices of wheat yesterday did not vary much from Saturday's quotations; the market, however, was considerably more active, and towards the close, firmer than Saturday. Receipts, including flour, were upwards of seventy thousand bushels—namely: 69,761 bush. wheat and 1,763 bbls. flour. Shipments, 86,071 bush. wheat, and 833 bbls. Flour unchanged. The market for wheat opened quiet, but towards the close there was a better speculative demand.

Propeller Blown Up.

By a despatch this morning in our telegraph columns it will be seen the American Transportation Co. have lost another steamer. Sunday morning the propeller *Ohio*, bound from Buffalo to Cleveland, with upwards of 300 tons merchandize on board, blew up on Lake Erie and sunk in ten minutes.—Two lives were lost. The balance of the crew were picked up after being fifteen hours in the yawl boat, by another propeller. The dispatch says there was no insurance on either their cargo or boat.

Frightful Calamity at Sea.

Amongst the important news from Europe which will be found in our telegraph columns this morning, is the announcement of a terrible calamity at sea, involving the loss of nearly *four hundred* lives, and half a million of specie. The ship *Royal Charter* was wrecked off the coast of Wales on the night of the 26th ult., and of four hundred persons who were on board but *ten* are said to have been saved. Where she sailed from or where she was bound is not mentioned, but from the large number on board it is likely she was an emigrant ship coming to this country.

The Omens all Auspicious!

We have good reports from all quarters of the State. The "Rural Districts" will give a noble verdict for FREEDOM *to-day!* Let not our city be backward in the good work. Turn out, REPUBLICANS, *one and all*, and and give in your testimony for the Right! Our victory is *certain*, if our vote is out.

Wisconsin expects that every Man this day will do his duty!

Vote the Whole Ticket!

The Republican ticket is made up of "the right men for the right places." There is not an unworthy name on it. But independent of considerations of individual qualification, there is every reason for voting it as a whole. A vote for the full ticket is a vote for PRINCIPLES,—a vote in rebuke of Slavery Extension, a vote for honest and economical government in the State and in the Union. A split ticket weakens the moral effect for the sake of giving force to preference or prejudices regarding *men*. Vote the WHOLE REPUBLICAN TICKET.

FIRST AND SEVENTH WARDS!

VOTE FOR JAMES H. PAINE!

General PAINE is the Republican nominee for the Assembly in the First and Seventh Wards. He is an old resident of our city, an honest, capable and intelligent man; and will make a trustworthy and influential Legislator. His opponent is Mr. H. L. PALMER, our present City Attorney; a gentleman of ability, no doubt; but who should be attending to the duties of the office he already holds, instead of seeking for another.

Very unfair and disreputable means are resorted to, by the supporters of Mr. PALMER, to defeat General PAINE. All sorts of electioneering lies are told, in regard to the latter. Let no Republican be deceived by such devices. Vote for the *straight* REPUBLICAN ticket, and be sure that it has on it the name of

JAMES H. PAINE,

for the Assembly.

"BETTER LATE THAN NEVER."—Under this heading, the *National* announces that its yoke-fellow, the *News*, after holding back for some time, has finally concluded to support Mr. EGAN for Senator, "because he is Chairman of the Board of Supervisors and may have some influence in disposing of the County printing." The *National* omitted to say that the *News* had a still more *substantial* reason for supporting EGAN, to wit, the allowance, on Saturday, of a bill for *nine hundred and eighty-one dollars* for County Printing, by the Board of which Mr. EGAN is Chairman.

QUINTETTE BY MEMBERS OF MR. BUCHANAN'S CABINET.—Secretaries CASS, COBB, THOMPSON, TOUCEY, and FLOYD, wrote letters to the Tammany committee, who had invited them the other day to speak to the faithful in New York. All referred to the Harper's Ferry insurrection except FLOYD, in whose State it occurred. Gen. CASS said that he believed the permanency of the Union depended upon the continued ascendancy of the Democratic party.

A Challenge to Mr. Hobart.

MILWAUKEE, Nov. 7, 1859
HARRISON C. HOBART, ESQ., MILWAUKEE:

Dear Sir:—Understanding that you are now in this city, and that you intend to address some political meeting this evening in this city on political topics, the Young Men's Republican Club of Milwaukee wishes to make arrangements for a public discussion on particular subjects to be held this evening between yourself and Hon. CARL SCHURZ, at the Albany Hall, or some other suitable room.

If you accede to this proposition, and are willing to make suitable arrangements for the purpose, be kind enough to reply without delay, as the time is very short. If you decline, we shall be obliged to you if you will also at your earliest convenience so signify.

Very respectfully yours, &c.,
WINFIELD SMITH,
Pres't of the Y. M. Republican Club of Milwaukee.

The invitation was sent to Mr. HOBART, yesterday noon; but he declined to meet Mr. SCHURZ, pleading other engagements. Thereupon Mr. SCHURZ started for Watertown, where he will wind up the campaign.

For the Sentinel.

Sixth Senatorial District

EDITOR SENTINEL:—From an article in your paper this morning I see that you give your readers to understand that Mr. TAYLOR is opposed to a division of the County and that Mr. EGAN is understood to be in favor of the same.

Now I desire to inform your readers that this division question amounts to nothing, for the statute requires that a question of this kind shall be submitted to the people, and we all know what the result of this question would be in case the same should be so submitted; the vote of the city would outnumber that of the towns five to one; therefore we have nothing to fear on this question and it will not be necessary to take the same into consideration in this election.

However, I trust the matter may be submitted at an early day, and have this vexed question decided at once, so that it may not disturb us in future.

So far as Mr. EGAN is concerned, he is willing to have the matter submitted to the people, and this is all that he proposes to do, or can do; this much Mr. TAYLOR should do if elected. Now so far as the qualifications of the two candidates are concerned, I think all who are acquainted with them must give Mr. EGAN the preference. He is a gentleman of good address, good education, honorable and manly in every particular, and what is more, *his record is clear!*

Mr. EGAN is Chairman of the Board of Supervisors. He was an independent candidate for Senator some four years since. At that time he received the entire Republican vote, and came within some fifty votes of being elected. The electors, irrespective of party, will cast their votes for Mr. EGAN, as he is decidedly the best man of the two.

A REPUBLICAN.

Shameful.

For the Sentinel.

MR. EDITOR:—The means that are being resorted to by the Democrats of the First and Seventh Wards, to secure the election of PALMER, are the most shameful and contemptible that they have ever been guilty of using in this city, which is saying a great deal.—The unscrupulous wholesale lying which they are carrying on among the Germans and the Irish against Gen. PAINE, is unparralleled in the political annals of this region. I dropped in at a democratic meeting in the First Ward, the other evening, and a stranger would have supposed from the denunciation of the speakers—and they were men who claim to be respectaple—that Gen. PAINE was a moral monster. That he was a hypocritical scoundrel, a bigoted knave, a religious fanatic, bent on tearing down Catholic churches, passing Sunday laws and Maine laws, and the very impersonation of intolerance and bigotry. The above were some of the very epithets hurled at him, and with which the speeches there were reasoned throughout.

Now the men who said those things *knew* they were telling unmitigated *lies*. It remains to be seen whether such efforts will be successful among intelligent voters.

DECENCY.

The Late Railroad Disaster—Condition of the Wounded—Politics.

Correspondence of the Sentinel.

WATERTOWN, Nov. 7—9 A. M.

MESSRS. EDITORS:—Since I wrote you on Friday last, the poor unfortunates who are here suffering from injuries received at the late Railroad disaster, have continued gradually to improve, and I presume may now be considered out of danger. MCCABE, the fireman, contrary to general expectation, is now not only alive, but bids fair to be one of the first to get about. It was thought he was dying Friday morning, but he revived soon after, and since then has made rapid improvement. Unless something unlooked for by the physicians, now sets in, I have no doubt you have chronicled the death of the last victim to the first great Railroad accident that ever happened in our State. I sincerely hope such may be the case.

A single word as to politics. This is, as you well know, one of the Democratic strongholds of the State, where such a thing as the election of a Republican is seldom known or heard of. But I hope to be able to telegraph you to-morrow night, that we have elected our member of Assembly, HEBER SMITH, whose chances for winning, I think, are undoubted. His competitors are HENRY MULBERGER, regular Democrat, and M. G. GALLAGHER, independent. The latter is also of the Democratic "pursuasion," and will draw largely on the Irish vote, which, course, will operate against MULBERGER.—All that is needed, then, is "a long pull, a strong pull, and a pull altogether," by the Republicans for SMITH, and he will be elected. We intend to give it to him, and also to do better than usual on the State ticket We *hope* to elect MOTT, Senator, but fear that too many Republicans will throw their votes away on GILL, thereby electing ROGAN.

Yours, &c., J.

Nym Crinkle's Politics.

MILWAUKEE, Nov. 7, 1859.

To my Friends in the Country:

In recent visits to various places in this State, I have found that many of my acquaintances are of the belief that I have lately become what is commonly called a Democrat.

This is owing to my being opposed to Mr. GEO. P. GIFFORD while he was Republican candidate for the Assembly, in the Fourth Ward, as shown by my articles in the *News*—tho' I found more fault with the caucus that nominated him, than with the *man*.

It is not likely my political feelings are a matter of much interest to the public, yet to my many acquaintances throughout the State I may be pardoned for contradicting such a libel as that I am a Democrat.

I simply wish them to know that I am an Independent Republican: one of the kind who don't calculate to get a living by politics, and at the same time don't mean politics shall impose upon *them*, as citizens. That I am *not* "mad with the Republicans because they didn't nominate McGRAW," but have, during the campaign, exerted what little influence I may have, for all the Republican State candidates: not from any obligation to the party, nor to the *Sentinel*; but believing any one of them to be equal, if not superior to his Democratic opponent, in moral worth and ability. NYM CRINKLE.

THE CITY.

The names of all candidates voted for should be on ONE BALLOT.

Qualifications of Voters!

1. Citizenship, or declaration of intentions.
2. Twenty-one years of age or upwards.
3. One year's residence in the State.
4. Actual residence in Town, or Ward, where the vote is offered.

The Election.

The friends of Political Honesty and Human Freedom will have an opportunity today of making their own convictions of right felt. The time of words is past: the cause demands now only action, action, action.—Every citizen who feels an interest in the political issues now before the State, should go to the polls to-day and lay their ballots in the scale of principle and integrity.

Let no Republican stand idly by and hazard a prediction of the result. The principles you hold are worth one day, one hour's action.

To neglect to vote is treachery to your own heart. If you are an honest man see to it that the cause does not suffer through your indifference.

If good men stay away from the polls, they leave the government in the hands of the worst class of our population, by whom generally the lowest and most unscrupulous politicians are elevated to power.

Let every man therefore vote to-day, and the result will be an out-cropping of new blessings in Wisconsin throughout the year.

A Good Show for Milwaukee.

Up to the first of September the exports of flour and wheat from this city were upwards of *a million and a half* bushels (1,678,325) short of the shipments during the same period in 1858, owing to the crop failure of that year. Since the 1st of September, however, this important branch of the trade of our city has increased with unprecedented rapidity, and now the exports of the present year, notwithstanding the deficit in the early part of the season, thus far are really in *excess* of those for the corresponding period last year by about *seventy-five thousand* bushels. The following figures, taken from our commercial columns of yesterday, verify this statement: Shipments since January 1st., 222,808 bbls flour, and 3,977,888 bus wheat, equivalent to **5,091,928** bushels of wheat, against 257,160 bbls flour, and 3,730,471 bus wheat, equivalent to 5,015,271 bus of wheat shipped to the same date last year. Difference in favor of this year thus far, 74,656 bus. Receipts since January 1st, 162,738 bbls flour, and 4,232,247 bus wheat, equivalent to **5,046,937** bushels; against a total of 4,986,380 received during the corresponding period last year. *Increase* in favor of this year, 59,557 bushels. From now until the close of the season, the difference in favor of this year will continue to increase largely. These figures are alike indicative of an abundant crop of wheat in Wisconsin, at least, and a very rapid increase in the grain trade of our city.

DISTRESSING.—A correspondent who liveth on Spring street (Avenue) and who signeth his name "Veritas," (all correspondents have a partiality for "Veritas" and "Junius,") complaineth of certain extravagantly well dressed women who bear about with them the exterior indications of interior frailty and who shine down that pure and patrician Avenue in all the semblance of "rare and radiant maidens."

"Veritas" is solicitous that morality thro' its speaking trumpet—the press,—should blow such a sorocco of reproof that these gaudy beauties shall be blown away like the autumn leaves. "Veritas" is fearful of his personal safety and anticipates a time when sober and respectable men will be under the most painful of necessities, that of carrying a weapon to defend themselves from "looks that stab and charms that shame the air."

We have no consolation to offer "Veritas." In our most sanguine moments we cannot promise that a municipal foray will gather these flowers into a prison boquet. But "Veritas" may shut his eyes when these tinted contagions sweep by. He may even retire behind a molasses hogshead and shed innumerable bitter tears for the sake of humanity. He may wear green goggles, and move from the Avenue to Milwaukee street. But he may not write to the newspapers about that of which they know nothing. If his zeal in the cause of morality is so insatiate that he *must* look this evil in the face let him do so like a hero, alone, but we protest against his following every Lamia and descanting on her gorgeousness, for the sake of taging in a moral sentence or two.

JUDGE LARRABEE.—A paragraph appeared in the *Sentinel* of Wednesday last, relative to an unfortunate, but not very serious personal encounter between Judge LARRABEE, the member of Congress elect from the Third District of this State, and a well-known and much respected Physician of this city. The paragraph reflected rather severely upon Judge LARRABEE. We are assured, however, by several gentlemen, friends of both parties, who were present at the time, that the *account* published in the *Sentinel* was somewhat exaggerated, and that Judge LARRABEE conceived that he was acting in self-defence. From our knowledge of the parties, we feel sure that neither would commence an unprovoked attack, and that both regret the occurrence to which we allude.

"WHOM THE GODS LOVE, DIE YOUNG."—If this saying of the ancients be true, the *Daily National* of this city was a favorite with "the gods." It died on Sunday last, after a brief and fitful existence. BUCHANANISM was the fatal cancer which put an end to its existence. The publishers talk of publishing a weekly paper.

THE MILWAUKEE & MISSISSIPPI R. R.—Our old "Pioneer Road" is doing a grand business, this fall. Its *in*-freights are heavier than ever. Yesterday, this city brought into our city nearly *fifty thousand bushels of wheat*, including flour. A large proportion of the grain came from Iowa; the dealers there finding it to their interest to ship direct to Milwaukee.

CLOSE THE SALOONS TO-DAY.—We publish in another place the proclamation of His Honor Mayor PAGE, calling on owners of liquor saloons and beer halls, to close their places of business to-day. This is proper, and we hope the Mayor's request will be complied with to the letter.

Mayor's Proclamation.

The Mayor would request the Keepers of all Liquor and Lager Beer Saloons, in Milwaukee to close their respective places of business on Election Day, the 8th inst.

HERMAN L. PAGE, Mayor.

THIRD WARD REPUBLICAN CLUB.—A most enthusiastic meeting of the above Club was held on Saturday evening, at the Frankfort House, on Main. In the absence of the President, (E. W. CARPENTER,) Vice-President HILLISS took the Chair. After some minor business was got through, it was moved and seconded that the Executive Committee report the names of the challengers to guard the purity of the ballot-box next Tuesday;—whereupon the following gentlemen were appointed:—J. WALLIS, G. HAYWARD, H. MIDDLETON, T. B. KEMP.

The meeting, which was the largest Republican gathering ever had in the Third Ward, was addressed with great earnestness by Messrs. KEMP, WALLIS, TORBOSS, HILLIS, HAYWARD and CAREW. After three cheers for the success of our ticket, and the selection of a candidate for Assembly from the two in the field, in the absence of a nominee from our party, it was resolved that we would support the man possessing the best qualifications for that office.

After a vote of thanks to the President and other officers, it was moved and seconded that the proceedings be published in the SENTINEL, *Wisconsin*, *Free Democrat*, and German papers; and that we adjourn to meet again at the call of the Chairman of the Club.

S. HILLISS, President.
G. F. HAYWARD, Secretary.

REPUBLICAN NOMINATIONS.—The Republicans of the 5th and 8th Wards met pursuant to call on Saturday evening, and CHAS. NEUKIRCH was called to the Chair.

On motion, the meeting proceeded to an informal ballot, which resulted as follows: E. G. HAYDEN, 42 votes; W. A. TUCKER, 12 votes. After which a formal ballot was taken, and E. G. HAYDEN received 51 votes and W. A. TUCKER 10 votes, when E. G. HAYDEN was unanimously declared their nominee as a candidate for the Assembly.

Captain BARBER offered the following:

Resolved, That the Republicans of the 5th and 8th Wards here assembled, do pledge ourselves to use all honorable means to secure the Election of E. G. HAYDEN, and all other Republican candidates, on Tuesday next.

Which was carried with a firm belief, that as "the laborer is worthy of his hire," triumphant success of the whole Republican ticket must follow, the day of election.

SCHILLER FESTIVAL takes place on Thursday evening, at Albany Hall. By the programme we are led to anticipate an unusual variety of exercises. Among the many attractions will be the original music of SOBOLEWSKI's, to which SCHILLER's incomparable "Hymn to Joy" will be sung.

CARL SCHURZ will also deliver an oration, and appropriate declamations and recitations will fill up the evening.

It will be a grand affair throughout, and one in which every admirer of the "German Shakespeare" may join heartily.

MUNICIPAL COURT, Nov. 7TH.—Indictments found as follows:

State vs. Peter Willis, Wm. Leslie, and Walter Faulkner, breaking and entering shop and stealing therefrom. Plead not guilty.

Chas King, larceny from shop. Deft. plead not guilty.

Wilhelmnia Dietman, murder, and concealing birth of bastard child. This case is required by law to be tried in the Circuit Court.

The Grand Jury found all their indictments this forenoon, and were discharged in the afternoon. Credit is due them for their despatch.

THE ARCHITECT'S AND MECHANIC'S JOURNAL, for November. New York, Alexander Harttrill, 123 Fulton Street.

This publication is filled with practical information, which must be useful to every mechanic and architect. It is liberally illustrated, and contains a greater amount of reading matter for the price ($3 a year) than any scientific or industrial publication we know of.

HOW THE DEMOCRATS ALARMED THE CITY.—The alarm-bells amused themselves Saturday night in extemporizing a great deal of noise over a bon fire in the First Ward, where a Democratic mass meeting was being held. Whether the clatter was part of the "arrangements" to draw a crowd together or not, we cannot say.

THE ST. ANDREWS' SOCIETY.—The quarterly meeting of the St. Andrews' Society of the City of Milwaukee will be at the office of the Phœnix Insurance Company, on Thursday evening next, the 10th instant. The election of officers for the ensuing year will then be held and arrangements made for the annual festival, on the 30th instant.

NEW HAVANA CIGAR STORE.—JOHN MASCHAUER has opened at the corner of Main and Wisconsin streets a cozy little bazaar where may be found the very best imported and domestic cigars. Those who have a leaning towards good tobacco should try his stock by all means.

TEACHERS' ASSOCIATION.—The regular monthly meeting of the School Teachers' Association of this city, appointed to be held to-night at the Seventh Ward School, is postponed, in consequence of the election, until Tuesday evening of next week, at the same place.

READ CALEB WALL'S (City Auctioneer) advertisement. He has a sale of stoves and furniture this morning, a sale of dry goods to-morrow morning and a large sale of apples on Thursday morning.

THERE IS SO MUCH EXCITEMENT about election that I am at a loss to know what to say about a large sale of lots which is to come off next Thursday, November 10th, at my City Auction room. The said lots are in Sixth Ward—BOOTH's Addition—are beautifully located in that part of the city which is high, dry and healthy, and which is improving rapidly. For those who want to secure homes, this is a great chance. For those who want to invest money, no better chance has been offered for a long time. Terms of sale, very easy. Sale, recollect, will take at 10 o'clock, at my Auction Room, Thursday morning, Nov. 10th.

THE GRAND TRUNK RAILWAY OF CANADA

PUBLIC NOTICE.—The extension of the above Railway to Sarnia, and the completion of the New Line between Port Huron and Detroit, on the 1st of November next, will form a continuous Road under one Management from Detroit, (Michigan), to Toronto, Kingston, Montreal, Quebec and Portland, (Maine), thus establishing a new First Class Route between the Western and New England States.

The connection formed at Detroit with the Michigan Central and Michigan Southern and Northern Indiana Railroads, will enable Freight to be sent through from St. Louis, Cincinnati, Chicago, Milwaukee, St. Paul and all points on the Mississippi River, with greater dispatch than by any other route, as the completion of the Great Victoria Bridge at Montreal, before the close of Navigation, will prevent any interruption to the traffic. *Only one transhipment between Portland and Chicago, Cairo, or St. Louis.*

At Portland the Grand Trunk connects with the Railroads leading into Boston, also with a First Class Line of Powerful Steamboats which leave Portland and Boston every night.

The Magnificent Vessels forming the Line of the Montreal Ocean Steamship Company, run between Quebec and Liverpool in Summer, and between Portland and Liverpool during Winter, waiting the arrival of the Connecting Trains of the Grand Trunk Railway. Passengers and Freight booked through and put on board free of expense.

At Sarnia (opposite Port Huron), the Company have built extensive Freight Warehouses, and on and after the 15th instant, will be prepared to receive Flour and other Rolling Freight intended to go Eastward by Railway, and store the same, for a reasonable time, Free of Charge.

An Elevator of large capacity is in course of erection at Sarnia, and will shortly be ready for receiving grain.

TELEGRAPH!

REPORTED BY THE N. Y. ASSOCIATED PRESS FOR THE DAILY SENTINEL.

LATER FROM EUROPE.

ARRIVAL OF THE NORTH AMERICAN.

FARTHER POINT, Nov. 7—3 P. M.

The steamer North American passed here last evening, on her way to Quebec, with Liverpool dates to the 26th ult.

Nothing had transpired in regard to the Zurich conference, or in relation to the treaty of peace.

A despatch from Zurich states that Count Colloredo was still alive, but no hopes were entertained of his surviving.

GREAT BRITAIN.—All the Cunard steamers leaving Liverpool for Boston, via Halifax, are hereafter to call at Queenstown, and will thus be enabled to bring one day's later news by telegraph.

Sir J. Dean Paul and Strahan, the ex-London bankers, have been released, by a pardon after enduring four years penal service.

The first battalion of military drawn for China, are under orders to depart by the overland route.

The strike among the London builders continues, telling seriously against the men who remained idle. They have resolved to appeal to the public for aid in supporting their families. Recent returns show an excessive mortality among the families of the unemployed operatives, and there is reason to fear that many will perish from want and disease.

Parliament has been prorogued to Dec. 15th.

The Paris correspondents of the London journals indulge in gloomy forebodings. The correspondent of the Herald states plainly that the impression has gained ground that a rupture between France and England is imminent.

FRANCE.—The Paris Constitutionel, in an article by the senior editor, replying to assertions of the English press, that the policy of the Emperor had left a state of political uncertainty in Europe, states what the aim of the Emperor was in the beginning, compares it with advantages gained, and accuses the English journals of inconsistency.

Several provincial journals have published simultaneously violent articles against England, which are known to have been supplied by a government official. In these articles England is warned that an hour of trial approaches, which may put an end to her greatness forever. The Paris correspondent of the London Herald on the other hand, reports the statement formerly made, that preparations by France are suspended.

Inundations have recently occurred in the south of France, and have caused much damage to life and property.

General Beaderl and Dr. Landset have returned to France, under the amnesty declared by the Emperor.

SPAIN.—At Madrid, on the 22d ult., the Government announced to Cortez that it was going to begin a war with Morocco, which was received with great enthusiasm. All political parties offered to support the ministry, and the newspapers express the same patriotic feeling.

O'Donnell also announced to Cortez that the Government had ordered the Spanish representative at Algiers, to take his departure.

The correspondent of the Autograph, of the 23d ult., announces that an army for Africa was to be organized about the middle of the following week, when Gen. O'Donnell will depart for Madrid.

It is reported that the ministers stated that they would not have recourse to a loan, and that the floating debt would not be augmented.

Accounts from different parts of Spain continue to speak of great preparations for war, and troops are collecting in every port, destined for Africa.

A Paris letter in Le Nord asserts that Lord Palmerston has declared to the French ambassador that England will not suffer Spain to occupy both sides of the Straits, and will oppose it by force. The English cabinet, it is said, will make the question a European one.

The London Times is of opinion that any danger to Europe or the British possessions of Gibraltar from the Spanish enterprise against Morocco is absurd, but an attack by France on the independence of Morocco, and an attempt to annex it to Algeria, would justify the strongest condemnation on the part of Europe.

The London Daily News thinks that the alliance of France and Spain against Morocco, or at any rate a war simultaneously by both powers, is by no means re-assuring to Great Britain.

The London Times' Paris correspondent says that the conversation between Lord Palmerston and the French ambassador, as reported in the Le Nord, caused much emotion at Paris. While the French government had asserted that it would not change its policy as regards Morocco, Spain has repeated its disavowal of the ambitious project proposed to her. The Paris correspondent of the London News is assured that M. Man had sent a despatch to say that England no longer opposed the expedition against Morocco.

ITALY.—It is reported at Turin that M. Caboruna will soon be succeeded by Count Cavour, as Minister of Foreign Affairs.

The Pope returned to Rome on the 20th of Oct.

Hostilities between Buenos Ayres and the Argentine Republic.

NEW YORK, Nov. 5.

Buenos Ayres advices to the 1st, state that the Buenos Ayres squadron had chased Urquiza's steamer into Montevideo. That government had ordered them to leave, and the Buenos Ayreans were waiting outside to fight them. A Paraguayan mediator was daily expected at Buenos Ayres. The land forces were inactive.

Falling of a Building.

HARTFORD, Conn., Nov. 5.

The four story brick store of S. Rookwell & Son, corner Morgan and Front streets, in this city, fell between 6 and 7 o'clock this morning. It was nearly new, and contained 1,500 bbls. flour, large quantities of grain, provisions, &c. No one was killed, although one-half of the building is a wreck from the cellar to the roof. The loss is estimated at $8,000.

Failure of Brokers.

NEW YORK, Nov. 5.

Morse & Bro., uncurrent note brokers, have suspended, and made an assignment to Chas. A. Meigs. Liabilities small and creditors will probably be paid in full.

LATEST NEWS!

BY LAST NIGHT'S REPORT

Wreck of the Ship Royal Charter!!

NEARLY FOUR HUNDRED LIVES LOST!

MONTREAL, Oct. 7—9 P. M.

The following important item of news is from the Liverpool Daily Post of October 27, a copy of which was obtained by the steamer North America. "The public will learn with overwhelming grief that the splendid vessel Royal Charter was totally lost, yesterday, in Muffa Red Bay, near Bangor. Melancholy intelligence which reached us late last night was brief, but we fear is only too true; that of upward of 400 persons, who were on board, only 10 are said to have been saved. There is some hope, however, that this statement is exaggerated, but, under circumstances, loss of life is to be feared has been immense.

The Royal Charter had about half a million in gold on board. When the disaster took place, it is not known, for the telegraph had ceased to work; and so destructive had been the storm along the coast that the Chester and Birkenhead R. R. had been destroyed in two places.

At Panama, 20 bodies of the dead had been washed ashore.

The bay in which the catastrophe occurred is two or three miles westward of Baffin Island, in Angesea, and 6 or 7 miles to the north-west of Beatmare's Haasshallow beach, for several miles, with promonitories at each end of the bay. The country around is wild, and there are but a few houses about."

Propeller Ohio Blown Up—Two Lives Lost.

SANDUSKY, O., Nov. 7—9 P. M.

The propeller Ohio, bound from Buffalo to Cleveland with a cargo of 350 tons of merchandize, when 10 miles off Long Point, below Erie, on Sunday morning at 2 o'clock, blew up and sank in ten minutes. Seventeen persons were on board, of whom Thos. Corbitt, second mate, and Michael Dunigan, wheelsman, were lost. The remaining 15 drifted in a yawl boat without oars, in a high sea, with but little clothing, for fifteen hours, when the propeller Equator picked them up and brought them to this port. The Ohio was owned by the American Transportation Company. Said to be no insurance.

Later from California.

ST. LOUIS, Nov. 7—9 P. M.

The overland mail with dates to the 14th, arrived here last night.

Great preparations were making, at San Juan to receive Gen. Scott. All the military companies and soldiers of the Mexican war would meet him on his arrival, and escort him through the city. All classes of people were preparing to pay him their tributes of respect.

The creditors of Messrs. Charpenning & Co., mail contractors between California and Salt Lake, had attached the stock and other property for debts amounting to $30,000. It was feared the mails would be suspended from this cause.

The water courses throughout the State were at their lowest stages and miners holding claims in beds of streams were gathering rich harvests of gold.

The advices from Oregon are to Oct. 8th. 550 emigrant wagons had arrived at Cascades, Washington Territory. Capt. Wallen, of Salt Lake expedition, and Lieut. Wallen, of Fort Benton wagon road expedition, announce the good health and continued prosperity of their commands. Capt. Wallen had rendered great service to emigrants on the route. The Indians were quiet.

The advices from British Columbia are to Oct. 10th.

Everything was quiet at San Juan. The British Colonist says it is currently reported that a new Governor may be shortly expected.

The shipments of gold dust from Victoria, in September, amounted to $110,000. Mines at Frazer's river, were doing well.

Business at San Francisco was slow.

The San Juan Difficulty.

NEW YORK, Nov. 7—9 P. M.

The Herald's Washington correspondent says that though diplomatic rules, and perhaps prudential considerations, prompt the State department from disclosing the exact state of affairs to the public, yet it is believed that serious difficulties may, and probably will, grow out of disputes between the U. S. and England, in reference to the Island of San Juan or Bellevue, in the Straits of Juan de Tuca. It is generally conceded that Gen. Harney was entirely right in taking possession of the Island for the protection of U. S. citizens there, and for the maintenance of the rights of this country to the Island, under the Packenham treaty, of June 15th, 1846. The President will submit the correspondence to Congress at the opening of the session, and will ask for means, money and men, to enable him to defend the rights of our country and uphold the honor of it, at all hazards, to the last extremity. The correspondent also considers the return of Mr. Dallas before the holidays, or early in the session of Congress, as possible.

Additional Foreign News.

FARTHER POINT, Nov. 9—9. P. M.

PRUSSIA.—Great preparations were making in Germany for the Schiller Festival. The Prussian Minister of Police has refused to allow the projected torchlight procession at Berlin. A democratic demonstration was feared.

MOROCCO.—It was expected that Spanish forces would attack by sea and land, and afterwards occupy Tetian and Tangiers.

The French expeditionary corps was ready to take the field.

It is stated that the French soldiers taken prisoners on the 31st of August, were all burned alive by the Moors, and the French troops were burning to revenge the outrage.

The reports of the intended interview between the Emperors of Austria and Russia are unfounded.

INDIA.—The advices via overland mail from Calcutta to September 29th, have been received. There is no political news.

Arrival of the Vanderbilt.

NEW YORK, Nov. 7—9 P. M.

The steamship Vanderbilt has arrived. Left Southampton early on the morning of the 27th inst. Her advices are anticipated by the North America. She brings nearly 400 passengers, including Senator Clingman, Judge Davis, of Florida, and the family of the Brazilian Minister at Washington.

From the Plains.

ST. LOUIS, Nov. 7—9 P. M.

The New Mexican mail, with dates to Sept. 26th, arrived last night via El Paso and overland mail coach, the Northern route having been abandoned in consequence of Indian depredations along the line. Passengers and letters report a continuance of depredations and murder on the plains by Indians.

A letter from Taos to the Republican mentions a battle between Utah Indians, assisted by Mexicans, and a band of Arapahoes at crossing of the Del Norte in which 22 of the latter were killed.

Steamship Wrecked.

NEW ORLEANS, Nov. 7—9 P. M.

The steamship Robert Waterman, from New Orleans for Matagorda, ran ashore on the 5th, near Timboalier Island. Passengers and crew saved. It is doubtful about saving the steamer.

The election is perfectly quiet. In the 4th District the Democrats elected 1 Legislator, 1 Justice, and one State Tax Collector. The rest of the city was carried by the Regular American ticket, by a heavy majority.

The Case of the Insurrectionists.

RICHMOND, VA., Nov. 7—9 P. M.

It has been ascertained that under the laws of Virginia, the Governor cannot pardon a person convicted of treason to the commonwealth, except with the consent of the Assembly, declared by a joint resolution. This relieves Gov. Wise of all responsibility in the matter. What the Legislature will do is not yet known.

Punishment for Illegal Voting.

BY THE LAWS OF 1857.

For voting in a town or ward where the voter does not reside—one to six months in the county jail.

For a non-resident of the State to vote in it—one to two years in State Prison.

For voting more than once at any election—one to two years in State Prison.

For persons voting who are not residents of the State for one year, or not 21 years old, or not citizens of the United States, or having declared their intentions legally to become such—two to six months in the county jail.

For procuring or advising an unqualified person to vote at any poll—a fine of $100 to $500 and one to six months imprisonment.

For procuring or advising a person to vote where he has no right to vote—one to three years in State Prison.

For attempting to influence voters by bribery or by threats—a fine of $500 to $1,000, or imprisonment three to twelve months.

For deceiving a voter by furnishing him with a ballot pretending to be, but not being that which he wishes to vote—one to two years in state prison.

For frauds by inspectors of elections—three to five years in state prison.

ELECTION TO-DAY!

The time for discussion is past, and the hour for ACTION has arrived. Our State Election comes off *to-day!* We trust that there are but few of our readers who are indifferent, or undecided, about voting to-day. We hold it to be *the duty* of every qualified Elector to exercise his right of suffrage whenever Election Day comes round. We especially appeal to our REPUBLICAN friends to rally, as one man, to the polls, and give the Republican ticket their hearty and united support. The Sham Democracy are bragging that they will carry this county, by four to five thousand majority. They *cannot* do this, if we have *a full and fair vote*. The REPUBLICANS of the city can ensure *both*. Let them see that every friend of the good cause *votes to-day*, and that all attempted frauds upon the Ballot-box are promptly and effectively checked. REPUBLICANS, TO YOUR DUTY!

CHALLENGERS! BE ON HAND!

The Republican CHALLENGERS should be at their posts *early* this morning, *before* the Polls open; and should "stand by" until the Polls close. As usual, in this city, there will be many hundred illegal votes offered, which, if not peremptorily challenged and rejected, will go to swell the Sham Democratic majorities. CHALLENGERS should exercise their rights quietly, but *firmly*; offering no obstruction to any legal voter, but resolutely barring the door against all illegal votes.

Our Legislative Ticket.

The Republicans in the several Assembly Districts in this city, have nominated the following candidates:

First District—(1st and 7th Wards) JAMES H. PAINE.

Fourth District—(4th Ward,) EDWARD D. HOLTON.

Fifth District—(5th and 8th Wards,) E. G. HAYDEN.

Sixth District—(6th and 9th Wards,) RICHARD HOUGHTON.

These are all well-known, intelligent and respected citizens, who would faithfully represent our city in the State Legislature. They should receive the cordial and united support of the Republicans of their respective Districts.

In the second District (Second Ward) the Republicans were to nominate a candidate last evening. In the third District (Third Ward) the Republicans have resolved to make no nomination, there being two Democrats in the field, EDWARD KEOGH and J. MCCARTY. We have known Mr. KEOGH long and well, as an honest, industrious and well-informed young man. Believing that he would serve the people creditably and efficiently, we do not hesitate to advise our Republican friends in the Third Ward to vote for him.

In the country Districts, the Republican nominees are:

Lake, Oak Creek and Franklin—MORGAN L. BURDICK.

Wauwatosa and Greenfield—REUBEN CHASE.

Milwaukee and Granville—JONAS F. BARNDT.

These are also good selections, and deserve success. Indeed, the Republican Legislative Ticket in this city and County, is the best one that has yet been presented for the suffrages of our electors. We trust that it will call out the entire strength of the Republican Party.

The Republicans have no candidate for Senator in the Sixth District, (South half of Milwaukee County) Mr. SMITH, their nominee, being compelled to decline. The choice there is between JONATHAN TAYLOR, of the Fourth Ward, and M. B. EGAN, of Franklin. We think that either of them would fill the post respectably and advise our friends to vote for the one who comes nearest to the Republican standard.

The Two Faced Game.

The Madison *Patriot* of Saturday devotes two editorial columns to the labor of proving that GOV. RANDALL is "hostile to the interests of Madison," and appeals to the electors of that city to "stand by" HOBART, as one of their "friends." "HARRISON C. HOBART," says the *Patriot*, "in the Assembly last winter uniformly voted for *every bill* in which the people of Madison had an interest."

Such is the double game which the organs of the Sham-Democracy are playing. At Madison, "appeals" are made to the electors, to support HOBART as the friend, and to oppose RANDALL as the enemy of that city. At Milwaukee, "appeals" are made, in behalf of HOBART and against RANDALL. The *News* here tells us that RANDALL is pledged to Madison interests and hostile to Milwaukee. The *Patriot* insists that RANDALL is hostile to Madison and that HOBART is the friend.—Can this political thimble-rigging deceive any intelligent voter? Will they vote for a candidate for Governor who, like Mr. HOBART, wears *two faces* on every question at issue?

$1,000 REWARD.—We will pay one thousand dollars reward, for a glimpse even, of a man who can lie faster, and stick to it longer than the present editor of the *Daily Sentinel*.—*News.*

The editor of the *News* is perfectly safe in offering such a "reward." He has only to look in the first glass he comes to, to win it himself.

Look Out for the "Gum" Game!

VOTERS should be on their guard against the "pasted" tickets which the different candidates of the Sham-Democracy and their friends are distributing about the State. This "gum" game, initiated by the Superintendent of Public Instruction, or his Deputy, to help "a weak Baptist Church at Madison," ought to be sternly rebuked. Let our REPUBLICAN friends see that none but *genuine* ballots get into the hands of Republican Voters.

The Champions of Milwaukee.

The *News* and *National*, in their Sunday morning issues, made their dying appeals to the People of Milwaukee, to vote against Gov. RANDALL, as the enemy and traducer of this city. They base these "sectional" appeals upon the false and fabricated report of Gov. RANDALL's speech at Janesville. The Governor exposed and branded that fabrication, most effectually, at the meeting in Albany Hall. He made his calumniators blush for the wanton lies they had told in regard to him.

It is "instructive to remark," that the same organs, which urge our citizens to vote against RANDALL, on the false charge that he is hostile to the interests of Milwaukee, also invoke their suffrages for Mr. EGAN, one of the Democratic candidates for Senator, who is in favor of *dividing* this county—a measure that the *News* and *National* declare will be most injurious to the City! Nevertheless these consistent organs support EGAN unhesitatingly. Is it not palpable that their outcry against RANDALL is all a *cheat*, intended to deceive the ignorant and unsuspecting?—They do not care a fig for the interests of Milwaukee. All that they think of, or work for, are the interests of the *party*. We do not believe that any sincere Republican can be led astray by so shallow a device. Vote, friends, for the *straight* REPUBLICAN ticket, and confound these villifiers of our cause and candidates.

The Vote of 1857.

The following is the official canvass of the vote cast for Governor in this State, in 1857, which we publish as a standard of comparison for the vote to-morrow.

The Whole North Libelled.

From the Providence (R. I.) Journal.

The majority of the people of the Northern States of the Confederacy are of the Republican party. The preponderance extends through all classes of people. Men of business, working men, scholars, professional men, of all these the majority are Republicans. Without denying equal honesty and good faith to the men of all parties, it will be admitted that the Republicans are not behind their fellow-citizens generally, in intelligence, probity and patriotism; that they have adopted the principles, which, in their deliberate judgment are best calculated to advance the public good, and that they mean to support those principles in a manner that is consistent with the duties and obligations of good citizens. Whatever rabid politicians may say, we think that no candid man will deny this.

Well: we are told, and by newspapers published on our own soil, that the Republicans have instigated and perpetrated the recent atrocious folly and wickedness at Harper's Ferry; we are told that it is for such violence as this that the Republican party has been organized, and that it is carried on with a view to just such results; we are told in effect, and by Northern papers, that a majority of the Northern people are incendiaries and murderers; that you and I—we who write these words and you who read them, that the men who fill our pulpits, the men who in all the Northern States have been chosen to the most responsible offices, and who have received the highest marks of the public confidence and favor, are a band of assassins; and that the objects of all these is to ravage the southern portion of the Confederacy with fire and sword. Could there be a stronger evidence of the shameful extent to which partisan malevolence can bear men against their neighbors and fellow citizens, and of the unscrupulous manner in which everything is perverted to the uses of party!

Not content with "libelling" the great body of the Northern People, such lights of Sham Democracy as GEORGE BRASS SMITH and the Editor of the *News*, propose to "hang" them; if they undertake to carry out "Republican principles." Our Republican friends are quite impatient for the "dance" to begin, as they would like to take "partners."

The Cause and its Consequences.

To the Editors of the Courier & Enquirer:

You truly say that the attempt of BROWN at Harper's Ferry was mad and fanatical, and such every rational mind must consider it, originating with him alone, hence the atrociousness of those charges circulated by men for political purposes who must know they are defaming the character of those public men who have proved that they have had no complicity with BROWN, whatever; yet the slanderers refuse to retract. The following facts solve the mystery conclusively as to the desperation to which BROWN was driven, more than columns of argument. "Persecution drives men mad."

SUFFERINGS OF BROWN IN KANSAS.

The history of the provoking causes of BROWN's Kansas career are thus stated by the Cleveland *Herald:*

John Brown had a son, E. P. Brown, who, near Easton that Winter ('55-6) was taken prisoner by the Missouri ruffians, and confined in a store. Then it was an express visited Fort Leavenworth, and begged that United States troops might go to the spot and save Brown from being murdered. That was refused too, in compliance with positive orders from Washington. What followed? Capt. E. P. Brown was helpless and alone in the power of the pro-slavery men; that band of ruffians struck him, and he rose and asked to be permitted to fight the best man among them—he would fight for his life—but the cowards dared not give him that chance.—Brown then dared any two or three of them to fight him, but the cowards would not comply with that request.

Then the fiends in human shape rushed upon the unarmed, defenceless Brown, and actually hacked him to pieces with their hatchets. A slaveholder, named Gibson, dealt the fatal blow, burying a hatchet in the side of Brown's head, splitting his skull for inches and scattering his brains. Brown fell, and his enemies jumped upon him: while dying, Brown cried out: "Don't kill me—I am dying;" and one of the Pro-Slavery wretches—*since then awarded with a commission as United States Marshal*—stooped over the prostrate man and spit tobacco juice in his eyes.

Thus died Capt. E. P. Brown—a Free State martyr—the son of John Brown—known as Ossawattomie Brown.

An Ode to "Gum."

The Madison *Journal* contributes the following ode, by way of help to "the weak Baptist Church," at Madison, in whose behalf Mr. DRAPER invokes for himself the suffrages of the People:

Ye Deputy to the Baptist Brethren.

Gum Arabic is good to stick,
And voters seldom stop to scan
A ballot through with cautious view
Regardful of the tail-end man.

Few hints suffice to strike the wise;
Gum is dirt cheap and paper too;
Votes need not lack unless we are slack;
A pious fraud the work will do.

Then brethren haste and lick and paste
The Shanghai Ticket where you can;
Leave not th' church, our poor "weak church,"
But help elect this pious man.

So shall wax great throughout the State
The cause dear to each Baptist heart,
And "brother D," and I will see
That school ma'ms the true faith impart.

A TRULY GRATEFUL HEART may not be able to tell its gratitude, but it can feel and love and act.

Great Republican Gathering in New York.

The Republicans of the city of New York had a glorious rally at the Cooper Institute on Thursday evening last. The New York *Courier & Enquirer* says: "The Republicans of the city of New York assembled at Cooper Institute, last evening, to ratify the action of the several Conventions which have assembled in their behalf; and it was a demonstration seldom equalled, never surpassed, even in this city. The immense hall was crowded almost to suffocation, before the hour for organizing arrived; hundreds went away early, unable to gain admittance; and later in the evening, two large meetings were organized in the streets adjoining the Institute. The assembled multitude was evidently composed of the most respectable and orderly citizens, who gave assurance that even the great stronghold of Slavery-Propagating Democracy is not to be again lost without a struggle."

The list of officers, which we subjoin, includes the names of the most eminent citizens of New York, in all the walks of life:

The meeting was addressed by Mr. EVARTS, TOM CORWIN and Mr. BRIGGS, of Ohio, and other distinguished speakers. The *Courier* estimates the number present at *fifteen thousand*. The following spirited resolutions were adopted by acclamation:

1. *Resolved*, That we, the Republicans of the city of New York, have assembled to-night in preparation for the general election now at hand, to declare our attachment to the great principles upon which our organization stands, and to pledge to each other our best efforts to maintain them.

2. *Resolved*, That under the rule of the self-styled Democracy the Federal Government has been and still is shamelessly prostituted, in a base subserviency to the slave power; that this power is still dominant in the high places of the nation; and that, for the purpose of extending and perpetuating itself, it has sanctioned and aided, in a distant territory, crimes over which the indignation of the country is not yet silent, trampled upon the sacred right of suffrage, and made a desperate effort to fasten a tyranny upon the necks of a free people; that, in pursuit of the same end, it has introduced political and financial corruption into every department of the general government, and sacrificed the great and paramount interests of free labor; and that now, not content with the past aggressions, it is unblushingly seeking to re-open what Jefferson denounced as "the execrable commerce in men."

3. *Resolved*, That to effect a final overthrow of this pernicious power, and to drive it forever from the capital of the nation; to restore the principles and the practice of the Fathers of the Republic; to prevent the extension of slavery over a single foot of soil now free; to administer equal and exact justice to every part and section of the country; to preserve with jealous care the reserved and sacred rights of the States; to foster the great interests of American labor; to banish corruption and extravagance, and introduce purity and economy into the management of political affairs; to stay the present headlong decline in national morals—these have been our principles from the beginning. We have inscribed them again and again on our standards; we fling them out on our banner to-night, and, inviting every good citizen and true patriot of every name to join us, we mean to carry them to victory.

4. *Resolved*, That we declare our devotion to all the principles and parts to our federal constitution, and our unshaken attachment of the Union of the States; that though we would hail with gratitude and joy the day when "the last fetter shall fall from the last slave," we yet would not venture to approach this end through any violation of our constitutional obligations; that slavery in the States is a thing for which we are not responsible, and we leave the evil and the remedy to the justice and the wisdom of those who have the proper control over it.

5. *Resolved*, That the recent disturbance of the domestic peace of Virginia deserves and receives our strongest condemnation; and that the vain endeavor to fix upon some of our distinguished leaders a complicity with that lawless outbreak, is but one of the dishonest resorts by which our opponents hope to escape the great issue which is pressing them into defeat; but that, nevertheless, we see in the alarm and terror which this event has aroused, and in the sad prostration by a Virginia Court, in the trial of a brave but misguided man, of the time-honored safe-guards of innocence, a new incentive to our efforts to prevent the extension of the pernicious system of slavery.

6. *Resolved*, That we point with pride to the administration of Gov. Morgan, as an example of the faithful fearless and statesmanlike discharge of the Executive functions of our State Government.

7. *Resolved*, That the recent shameful partizan action of the Democrats in the Board of Supervisors, in making the appointments of Registers, was a deliberate and intentional effort to defeat the wholesome provisions of the Registry act—to stifle the voice of the people at the polls—to furnish shelter for contemplated frauds—and ought to receive the condemnation of every honest citizen.

8. *Resolved*, That our late Convention at Syracuse, in presenting for our suffrages so admirable a selection of candidates, has well discharged its high duty. We ratify the result of its labors, and pledge to the ticket it has given us, as well as to our own local nominations, a cordial and hearty support.

9. *Resolved*, That we catch with delight the sounds of triumph which come to us from our brethren in the Great West. We hail them as auspicious signs of mightier victories in the great national struggle yet to come, and promise that they shall hear from us an early echo worthy of the Empire State.

Great Western Railway.

The annual meeting of the Great Western Railway of Canada was held at Hamilton on Tuesday last—JOHN YOUNG, Esq., Vice President, in the chair.

The annual report of the Directors and official statements of the accounts of the company, were read.

A somewhat extended colloquial discussion of these accounts followed, in which the relation of the company to the Detroit and Milwaukee Road was fully talked over.

The chairman stated that the company considered the security they held for their advances to this road ample. It was a third mortgage, and in possession; it might be said the security was a third and fourth mortgage, for there were two separate advances made, secured by separate mortgages, both of which were held by the company. The traffic of the Milwaukee line had been increasing very satisfactorily—quite as much so as could have been expected. The receipts were going up to a very respectable amount; one week they were nearly $20,000, and for several weeks past they had been over $15,000 per week. And there was more freight coming across Lake Michigan than the boats could carry, in so much that the state rooms were being placed above, on deck, to enable the steamers to carry more.

The reports and accounts were then adopted.

An election for Directors was then held, when the following gentlemen were elected for the ensuing year:

Resident in Great Britain.—ROBERT GILL, WILLIAM GOVAN, THOMAS CULLEN, ALEXANDER HAYES.

Resident in Canada.—JOHN YOUNG, C. J. BRYDGES, THOMAS REYNOLDS, RICHARD JUSON, FREDERICK W. GATES, HENRY C. R. BECHER, WILLIAM DICKSON.

On motion of D. TOTTEN, Esq., the following was unanimously adopted:

Resolved, That a vote of thanks and confidence be offered to the chairman, to the English and Canadian Boards, and to the company's Executive in Canada.

On motion of SAMUEL ALLCHIN, Esq., the following was unanimously adopted:

Resolved, That this meeting desire, especially, to express their obligations to Mr. C. J. Brydges, and their confidence in that gentleman's management in Canada.

The meeting then adjourned.

At a subsequent meeting of the Directors, ROBERT GILL, Esq., was re-elected President, and JOHN YOUNG, Esq., Vice President, of the company for the ensuing year.

PROCLAMATION—THANKSGIVING.

ANOTHER YEAR, with its varied experiences and vicissitudes, has nearly gone, the seed time and harvest have passed away, and the products of the earth more abundant and excellent, in many respects than usual, have been gathered in. Our State has been favored by an overruling Providence with exemption from pestilence or any prevailing disease, and the commercial and financial distress, under which our land has so long suffered, seems to be approaching an end. As a State we have been free from evil disturbances, and men have gone about their daily avocations in peace and quietness. As a nation, too, we have been exempted from the scenes of blood which have been the result in other lands of the shock of contending hosts.

It is right that we should, as a people, render the tribute of our thanks to the Author of all good, for the establishment and continuance of our free institutions, for the general health and prosperity of our people, for the blessings of peace, for the privileges of free education, and freedom to worship God according to the dictates of conscience, and for all the unnumbered blessings, individual and national, so bountifully showered upon us.

Therefore, in accordance with the time-honored usage, I do hereby recommend to the people of Wisconsin that they observe THURSDAY THE 24th DAY OF NOVEMBER NEXT, as a day of THANKSGIVING, and that, abstaining from their secular avocations on that day, they unite in their several localities in grateful praise to Almighty God, for his constant care and abundant mercies.

In testimony whereof, I have hereunto subscribed [L. S.] my name and caused the Great Seal of the State to be affixed.

Done at Madison, this 25th day of October, in the year of our Lord one thousand eight hundred and fifty-nine.

By the Governor,
ALEX. W. RANDALL.
J. D. RUGGLES, Ass't Secretary of State. oct26

A Democratic Official Justifying Brooks and Condemning Brown.

Correspondence of the New York Evening Post.

WASHINGTON, D. C., Oct. 28, 1859.

The States, now that the panic is over, grows anxious about the record it made while Brown's rebellion was uppermost in men's minds. It is of no use—everybody here understood its aim, and it was condemned by nearly all our citizens, pro as well as anti-slavery.

The conduct of the rampant Democracy is well illustrated by a little incident just related to me by an old citizen of Washington. He met the other morning at the city post-office, a distinguished Democratic office-holder, who shall be nameless: "It behooves you," said the office-holder, "seeing you are a Republican, to condemn this affair at Harper's Ferry without a great deal of emphasis, because you are a suspected character from the fact that you are a Republican."

"I *do* condemn Brown's treasonable feat," replied the Republican, "but let me ask you a question: Did *you* ever condemn the Southern outrages in Kansas, or the brutal assault on Sumner?"

"*Sumner got what he deserved*," was the heartless reply. This is the history of nearly all the Democrats who are making the earth tremble with their execrations of—*not* Brown, but of—the Republicans. They laughed when Sumner was stricken down in his Senatorial seat, and chuckled when Buford carried death and destruction over the plains of Kansas.

It is certainly within bounds to assert that the assault upon Sumner was a more daring outrage than Brown's mad exploit. Brown was a monomaniac—Brooks, Keitt & Co., were National legislators, who attempted to carry the law of the bowie-knife and the pistol into the Senate chamber of a great nation. Yet this great overshadowing crime was not rebuked by a single Democratic journal of this city!

Special Notices.

Catarrh! Catarrh! Catarrh! Catarrh!
What is it? How Cured?

Thousands of persons suffer all sorts of annoyance from Catarrh. Most people know what its inconvenience and results are, yet but few know how it can be cured. It is simply a chronic irritation, and often enlargement of follicles, and consequent thickening of the mucous membrane, lining the nasal cavities, frontal sinuses, and posterior nares, and sometimes extending into the throat and lungs. From this result tightness and often vertigo of the head, obstructed nose, or a profuse flow of mucus, loss of smell, nasal voice, and often impaired hearing and taste.

The old-school remedies have never been able to do anything for it. Nasal infections and inhalations are as painful and expensive as they are generally worthless. Yet HUMPHREYS' CATARRH SPECIFIC, a simple *Sugar Pill*, taken two or three times per day, promptly cures the milder cases; cures at once all colds in the head, and radically cures, by persevering use, the most obstinate cases, as is proved by the experience of hundreds.

Price, with full directions,
FIFTY CENTS PER BOX.

N. B.—A full set of HUMPHREYS' HOMEOPATHIC SPECIFICS, with Book of Directions, and twenty different remedies, in large vials, morocco case, $5; do, in plain case, $4. Family case of fifteen boxes and book, $3.

These remedies, by the single box or case, are sent by mail or express, free of charge, to any address, on receipt of the price. Address,

MY FAMILIAR.

BY JOHN G. SAXE.

Ecce iterum Crispinus!

Again I hear that creaking step!
He's rapping at the door!
Too well I know the boding sound
That ushers in a bore.
I do not tremble when I meet
The stoutest of my foes,
But heaven defend me from the friend
Who comes—but never goes.

He drops into my easy chair,
And asks about the news;
He peers into my manuscript,
And gives his candid views;
He tells me where he likes the line,
And where he's forced to grieve;
He takes the strangest liberties—
But never takes his leave!

He reads my daily paper through
Before I've seen a word;
He scans the lyric, (that I wrote),
And thinks it quite absurd;
He calmly smokes my last cigar,
And coolly asks for more;
He opens everything he sees—
Except the entry door!

He talks about his fragile health,
And tells me of the pains
He suffers from a score of ills
Of which he ne'er complains;
And how he struggled once with Death
To keep the fiend at bay;
On themes like those away he goes—
But never goes away!

He tells me of the carping words
Some shallow critic wrote,
And every precious paragraph
Familiarly can quote.
He thinks the writer did me wrong;
He'd like to run him through;
He says a thousand pleasant things—
But never says "*Adieu*."

Whene'er he comes—that dreadful man—
Disguise it as I may,
I know that, like an autumn rain,
He'll last throughout the day;
In vain I speak of urgent tasks;
In vain I scowl and pout;
A frown is no extinguisher—
It does not put him out!

I mean to take the knocker off;
Put crape upon the door;
Or hint to John that I am gone
To stay a month or more.
I do not tremble when I meet
The stoutest of my foes;
But heaven defend me from the friend
Who never, never goes.

How Minister Ward Visited the Governor-General in China.

The *Journal of Commerce* has a letter dated "U. S. flag-ship Powhattan, July 15," in which is an account of the visit of Minister WARD and Commodore TATNALL to the Governor-General of a Chinese province on the Gulf of Pechele, at the North entrance of the Pei-ho. The party steamed up to the river in the Toey-wan, and were transferred to a junk, in which they sailed to the landing place. The correspondent says:

At the jetty carriages were found in readiness for Mr. Ward and his party, and such carriages! It added to their ludicrousness, that we had been told they would be chariots! It was tolerably patent that they were not such as those of the olden time, in which warriors fought and royalty and nobility rode. The body was about 6 feet long by 3 wide, and 4 high from the floor to the top inside. The entrance was in front, the Minister, Commodore and all, being obliged to climb over the shaft, and then climbing in head-foremost, adjust body, arms and legs, according to the space they had to occupy.—However brave our Commodore had shown himself in Mexico, bearing upon him the honorable scars he received there, and however sagacious and "*semper paratus*" our Minister in whatever unexpected positions he may be placed, here was a position in which courage and diplomacy were impotent—a real fix, from which there was no moving—a "complication" which the genius of a Metternich could neither create nor disentangle.

Then crawling in upon all-fours, the Hon. Ambassador with his port-folio full of documents, and the President's autograph letter to his Imperial Majesty Hien-fung "the Son of Heaven," and our gallant Commodore after him at his side, encumbered with sword, epaulettes, and chapeau! What could appear more undignified and ludicrous, if not designed for the keenest insult? But not only are there more things in heaven, but more on earth, than either our Western philosophy or fancy has dreamt of. This butcher's cart of a vehicle was a chariot in the eyes of the Chinese, alike of the governors, madarins, and peasants, though not unlike the one in which Sisera fought, and royalty, going on excursions, was wont to conceal itself from the gaze of mortals. The reception was designed to be most honorable to Mr. Ward and the Commodore, and will make, doubtless, a brilliant page in the annals of the Celestials. Our Minister and Commodore would have parted with their heads, as every one knows, sooner than practice the *ko-tou*, or knocking their heads nine times on the floor when admitted to the presence of the Emperor; but when it was a matter of usage and convenience, and not of discourtesy or insult, they had too much magnanimity to take exceptions, and enjoyed the novelty, if not the squeezing. As there were no seats in the vehicles they were content, or rather obliged to seat themselves on the floor, which, however, was comfortably cushioned, with body and legs at right angles. To add to the remembrance of these state coaches, if not to the pleasure of their motion, the shafts rest on the axle without springs, and the tires of the wheels, instead of the even surface of the Americans, have projections like the cogs in a wheel! The constant jolting of such a vehicle is of course anything but agreeable. It was drawn by a mule instead of a horse, which, however, was in good condition, and harnessed in American and European style, and whose driver walked by his side.

There was one peculiarity in the construction of the vehicle from which our own draymen might derive a hint favorable to their own interests as well as to their horses' comfort and service. From the top of the carriage and in a line with it, an awning projects over the whole length of the mule, the front end being upheld by wooden stanchions resting on the shafts, thus protecting the poor mule from the fervor of the sun, as well as the occupants of the carriage he draws.

The gentlemen tumbled and crowded into these dens, as they might well be called, amidst a great crowd of Chinese men and boys, there not being a woman to be seen, many of whom very probably were gazing upon white men for the first time. It must be added, to their credit, that intense as was their interest and curiosity, all conducted with extreme propriety. It was pleasant to observe the kindly forbearance of the police officers, armed simply with bamboos, when the crowd, and especially the boys, pressed a little beyond the prescribed line of approach. They struck the ground on each side of the transgressor, but carefully avoided inflicting a blow on him. Indeed, good nature, and if we consider the class composing the crowd, good manners pervaded the whole, proving that notwithstanding the violent antipathies all foreigners at first contract when they come in contact with the Chinese, there are fine innate qualities which would command admiration, had they the appropriate culture and scope for development.

Arrived in the august presence of the Governor, an interview was had, which resulted in the decision to wait ten days for the Commissioners who might arrive from Shanghai, and then, in default of their coming, Mr. Ward should proceed to Pekin and there await the arrival of the Commissioners. At the close of the interview the Americans returned to the *Powhattan*.

A BLOODLESS VICTORY!!!
1,000,000 BOXES SOLD OF
MOREHEAD'S
MAGNETIC PLASTER

THIS ENORMOUS QUANTITY OF this Invaluable Remedy has been purchased by citizens of the United States during the short time it has been before the public. The reason for this extraordinary success is simply in the actual truth and value of the article. No one buys the MAGNETIC PLASTER without becoming its friend. It perform all that is promised, and carries with it its own recommendation. Truly this is a Victory—peaceful and bloodless—but we believe not less glorious than the triumphs of war, with its train of carnage and desolation.

The MAGNETIC PLASTER is undoubtedly the Greatest Strengthener and Pain Destroyer that Science has yet discovered. If you put this Plaster anywhere, if Pain is there, the Plaster will stick there until the Pain has vanished. The Plaster magnetises the Pain away, and

PAIN CANNOT EXIST WHERE THIS PLASTER IS APPLIED.

Rheumatism, Lameness, Stiffness, Weakness, Debility, Nervousness, Neuralgia, Dyspepsia, Coughs and Colds, Pains and Aches of every kind, are IMMEDIATELY RELIEVED, and, with a little patience, PERMANENTLY CURED, by the magical influence of the MAGNETIC PLASTER. It is the simplest, surest, safest, pleasantest and cheapest remedy in existence. Its application is universal—equally to the strong man, the delicate woman, and the feeble infant. Its use is agreeable, and without annoyance or trouble. Its price is within reach of all—rich or poor; all may have it, and all should have it who are sick, and suffering in any way.

FARMERS and PLANTERS should always be supplied with the MAGNETIC PLASTER. It will be the Good Physician in any household, ready at all times and at instant notice.

Put up in air-tight tin boxes. Each box will make six to eight plasters, and any child can spread them. Price, twenty-five cents per box, with full and plain directions. D. C. MOREHEAD, M. D.,

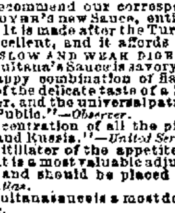
SOYER'S SULTANA SAUCE.
For Hot or Cold Dishes of all Kinds.



THIS MOST DELICIOUS and appetising Sauce was invented by the renowned "SOYER," on his return from the Crimea, and since his decease is manufactured by CROSSE & BLACKWELL, London, from the original recipe. The manufacturers simply ask for it a trial, convinced that it must add to the already large consumption, and that it will prove itself unequaled, either as a stimulant to the appetite or an aid to digestion.

Opinions of the London Press

"We recommend our correspondent to try Monsieur Soyer's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION.—*The Lancet.*

"The Sultana's Sauce is savory, piquant, and spicy; a happy combination of flavors and essences worthy of the delicate taste of a Sultana, the genius of a Soyer, and the universal patronage of a discriminating Public."—*Observer.*

"A concentration of all the piquant resources of Turkey and Russia."—*United Service Gazette.*

"As a titillator of the appetite this Sauce stands alone. It is a most valuable adjunct to Fish, Flesh, or Fowl, and should be placed on every dinner table."—*Atlas.*

"The Sultana sauce is a most delicious zest."—*Morn Chronicle.*

DIAPERS, &C.—CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm, J. N. RICHARDSON, SONS & OWDEN, as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

BININGER'S
OLD LONDON DOCK
GIN

A. M. BININGER & CO.,
(ESTABLISHED 1778.)
SOLE IMPORTERS,
No. 338 Broad Street, New York.

THIS DELICIOUS TONIC, ESPECIALLY for the use of the
Medical Profession and the Family,

Possesses those INTRINSIC medicinal properties, [Tonic and Diuretic] which belong to an
OLD AND PURE GIN.

The business of manufacturing spurious Gins, and offering them as beverages, under the titles, "Aromatic," "Cordial," "Medicated," &c., has become so common that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into discredit. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation—founded upon eighty years of experience—abundantly vindicates our claim to public confidence.

N. B.

A comparison of "Bininger's (Old London Dock Gin" with others bearing similar names, will establish its superiority, and make other Caution unnecessary.

Put up in Quart Bottles, in Cases of one and two dozen each, and sold throughout the world by Druggists, Grocers, &c.

Money Matters.

Nothing new in the money market. Currency in good demand, but not to such an extent as to create any stringency in the market. The banks are discounting to a liberal extent for their general customers, and produce buyers find no difficulty in obtaining all the money they want on 30 and 60 day bills. Exchange is not allowed to accumulate and the rates are firm, as heretofore: ....1¼ premium.

At the opening this morning the market was excessively dull, and prices had a downward tendency, some sales of No. 1 being made as low as 83c, but before the hour of meeting on 'Change buyers became very plenty, and pretty much all the wheat offering was taken at an improvement of 1@2c on the opening figures. The only sales of Extra we heard of were made early, and were rather below Saturday's prices. The transactions in all embrace about 40,000 bushels, the market closing rather firmly at the following figures: 84½@85c for No. 1 on the track and in store; 82½@83½c for No. 2; 86@87c for Club. Prices of flour do not indicate any change. The demand was not active. A few hundred barrels of Spring Extra sold at $4,25 to $4,50 for common to prime brands.—No change in other articles. Freights had a downward tendency, owing to the expected arrival of a large number of vessels from below, and shippers would not offer more than 7c for wheat to Buffalo.

RECEIPTS AND SHIPMENTS OF WHEAT SINCE SEPTEMBER 1ST.—The printers made sorry work of one of the tables in our Weekly Review, by misplacing some figures in correcting the proof. We received at this point from September 1st, the date when the new crop commenced to move, up to Saturday evening, 83,549 bbls flour and 2,923,401 bus. wheat, equivalent to 3,342,646 bushels, against 61,615 bbls. flour, and 2,001,748 bush. wheat, equivalent to 2,309,823 bushels for the corresponding period in 1858. We have shipped since September 1st, 107,150 bbls. of flour, and 2,621,145 bus. wheat, equivalent to 3,156,795 bushels against 53,659 bbls. flour and 1,282,819 bushels wheat, equivalent to 1,551,134 bushels for the same time last year.

CHICAGO, November 5th.—Receipts: 4,964 bbls flour 40,567 bush wheat, 41,299 bus corn, 11,397 bush oats 9,247 bus barley.

The *Press & Tribune* says:

The wheat market opened very firm this morning, and several lots were sold at an advance of 1@1½c, but as soon as the New York despatches were received, it became depressed and fell to the prices of yesterday, closing quiet. About 50,000 bushels of all grades changed hands at $1,10 for No. 1 white; $1,05@1,05 for No. 1 red; 90c for No. 2 red; 85@86c for No. 1 Spring; 82½@83½c for No. 2 Spring; and 75@76c for rejected. Flour was more active and advanced 5c, under a good shipping demand for Boston, New York and Pittsburgh. About 2,000 barrels changed hands at $4,25@4,75 for medium to choice brands of Spring extra; $4,00@4,60 for Spring superfine; and $5,75 for choice white Winter. The receipts of corn were large, and the market was quite active at a decline of 1@2c on shelled and 2@3c on ear. 15,000 bushels of all kinds were sold at 47@48c for No. 1; 43@44c for rejected; and 35@36c for car corn. Old corn is very dull and slow sale. A few lots of No. 1 were sold at 66c in store, and 65c in bags on track. Oats dull and 2c lower, with however limited sales at 28c for No. 1 in store, and 31c for canal afloat. Rye quiet, with sales at 60@62c for No. 1 in bags on track. Barley in good demand and firmer. About 10,000 bushels were sold at 60@61c for No. 1 in store, and 50@52½c for No. 2.—Timothy seed in good demand and firmer, with sales at $2,00@2,24½, according to quality. Highwines unchanged.

Freights are steady and quiet. The rates were 8c for wheat to Buffalo.

CINCINNATI PROVISION AND GRAIN TRADE.—Receipts on Friday included 1,088 bbls flour, 306 bbls whisky, 10,417 bush wheat, 2,842 bush oats, 2,037 bush corn, 2,409 bus barley.

The *Gazette* of Saturday thus reports the provision and grain trade of Cincinnati:

There is more buoyancy in the market for flour, and good brands of superfine would find a ready sale at 4,74@4,80, but these figures are 10c below the views of holders. There is no change in wheat. Pork is in the downward scale again, good brands of mess having been offered to-day at 13,75—a decline of 25c. The demand has fallen off. Operators talk about Bacon merely. Shoulders and sides, good qualities, would bring 7½ and 9½, but ½c more is demanded. Holders expect to get their price, and they hold out. About 100 hhds. clear bacon sides sold at 10½c, packed. Prime barrel lard is saleable at 10½, but it is mostly held at 10¾c. A small lot of hogs, on the spot, sold at 5 75.—The market is dull at this figure. Several thousand are in the pens, and the supply is accumulating, the weather being too warm for killing.

RECEIPTS AT TIDE-WATER.—The quantity of flour, wheat, corn and barley, left at tide-water for the fourth week of October, in the years 1858 and 1859, is as follows:

Year.	Flour, bbls.	Wheat, bus.	Corn, bus.	Barley bus.
1858	100,562	450,955	246,295	576,043
1859	66,980	520,463	45,406	809,372
Decrease	33,582	Inc. 69,508	De. 200,889	233,671

The aggregate quantity of the same articles left at tide-water from the commencement of navigation to the 1st of November inclusive, during the years 1858 and 1859, is as follows:

Year.	Flour, bbls.	Wheat, bus.	Corn, bus.	Barley, bus.
1859	1,557,421	7,208,919	6,008,874	2,427,503
1858	311,068	2,545,766	2,353,829	1,247,620
Decrease	1,246,353	4,632,153	3,630,045	1,180,183

By reducing the wheat to flour, the quantity of the latter left at tide-water this year, compared with the corresponding period of last year, shows a falling off equal to 1,975,785 bbls flour.

ALBANY, FRIDAY EVENING, NOV. 4TH.—The demand for wheat is moderate with a fair supply; a car load white Canada sold at 1,35; and 5,300 do. on p. t. Rye in the street 87@88c; a car load sold at 83c. CITY AUCTION ROOM.

HOME AGAIN, AFTER BEING ABSENT for nearly a month; have seen no city more promising or inviting than our beautiful City, Milwaukee. Find business all the cities generally dull, except New York, and dull particularly in all real estate operations. Money is abundant in New York, Boston, Philadelphia and Baltimore; in any one of these cities money can be obtained at six per cent. for home securities, but at present they prefer not to invest or loan on Western property; but that is wearing away very rapidly. A much better feeling now exists towards the West than there did six months ago, and I have no doubt in my own mind that in six months or twelve months we shall see a great reaction in all operations in our city, and still a greater one if we will manage to pay up promptly the interest on our city indebtedness. I came home perfectly delighted with Milwaukee. I have seen no place to compare with it, or that I would be willing to exchange it for, and I am satisfied in my own mind that we will go ahead and grow more rapidly the next five years, than we have for the last ten years. I am, myself, perfectly contented with Milwaukee. Let us all unite. Real estate is too important a point to be overlooked. In conclusion, I would say I am now ready to attend to my Auction and Commission business in the usual way, and all business intrusted to my care will be faithfully and promptly attended to. My Auction Room is very large, and I can store away any amount of Goods.

On my way home through Baltimore, I stopped at Harper's Ferry and obtained one of Capt. Ossawatomie Brown's Pikes. All who have any curiosity to see this instrument of death, call at my Auction Room.

The Great Secret at Last Discovered!!

JUNIUS JUDSON,
PATENTEE AND MANUFACTURER OF
JUDSON'S PATENT
GOVERNOR VALVES,
FOR REGULATING THE
MOTION OF STEAM ENGINES,

WARRANTED THE MOST PERFECT Governor of Steam Power in the world, and like all really great inventions, the most simple. Manufactured by Judson & Snow, at Rochester, N. Y., Selye Buildings, near R. R. Depot.

Shop Rights for sale.

CAUTION TO INFRINGERS.

Patent issued in the United States, Nov. 5th, 1850. Reissued Jan. 4th, 1851. Second Patent, March 4th, 1851. Patented also in Great Britain and the Canadas, June 6th 1851.

This improvement consists in making regulating valves to open with a constantly increasing ratio of opening, by increasing the width of the opening made in the valve—or by accelerating the opening motion of the ordinary valves in use—or by combining increased width of opening with accelerated valve motion. My patent Valves and Governors are so arranged as to give the resistance to the piston's motion, (or retard of the engine,) the power to open the valve just the exact amount of aperture necessary to counteract that resistance; and from the aperture, by the addition of equal amounts of resistance, notwithstanding that the action of the governor is continually decreasing in its effects.

I therefore reverse the action of valves combined with governors, as heretofore used. And as this effect can be produced by many different mechanical devices, (apparently not similar, but really infringements upon the principle,) by which infringers have imposed upon the public, I therefore caution and request all persons interested, to examine carefully all alleged improvements in valves or governors, to see if the application of this truth or principle, first discovered and applied by me, is not involved in their arrangements; and thereby prevent fraud upon the purchaser and inventor, both of which are at present much annoyed by their piratical depredations.
